President's Message

AVVA Chapter 203, Inc.

June/ July 2018 issue

AVVA Members,

I would like to thank those who came out to vote at our April meeting. I look forward to serving this Chapter for the next 2 years alongside of the other elected officers.. We are still in need of a Secretary to complete our board and anticipate someone stepping up and volunteering to fill that position in the near future. I am also pleased to be able to work alongside the VVA Chapter 203 to assist and support them throughout the year.

One of our continuing undertakings is the recording of our VISTA hours. (Volunteers In Service To America). We know that our members give countless hours to veterans and our community; our goal is to capture those hours and submit to the national organization.

At our June meeting we will be putting together "Cookie Trays" to be delivered to our local Police Stations and Fire Stations, thanking them for their service. We continue to support the local VA Clinic as well as looking to help with a future project at the clinic.

We are currently working on several things; one of my main goals is to increase membership and to get the word out about who we are and what we do. I would like to see more of our younger Veterans and their families get involved with AVVA; and at the same time, give us the opportunity to minister to those in need by providing the programs, projects and education they may need.

Don't forget that AVVA prepares and serves a meal for the VVA Chapter 203 meetings and holds a 50/50 drawing in order to raise funds.

I am excited about our upcoming project, a Spousal Benefits Education Seminar, coming this Fall. More details later.

Together Always

Susan Price, President

PTSD '2'

Secondary PTSD is commonly referred to as "the stress resulting from helping or wanting to help a traumatized or suffering person." If you live with someone who suffers from PTSD, you may notice yourself beginning to "mirror" some of their behaviors. This noticeable change is called Secondary Post Traumatic Stress Disorder.

What are some common symptoms of secondary PTSD?

- intrusive thoughts
- chronic fatigue
- sadness
- anger
- poor concentration
- second guessing
- detachment
- emotional exhaustion

*PTSD '2' is an Associates of Vietnam Veterans of America, Inc. program. Supported by Vietnam Veterans of America, Inc.
